

For the FMC/ASTARIS (FMC Idaho, LLC) facility in Pocatello, Idaho, on about January 15, 2014 EPA provided to me two CDs which contained responses to a variety of my FOIA requests. After reviewing that material I found four (4) items which were missing. Those are as follows:

1. Construction Quality Assurance Plan
2. RDRA Monthly Report #3
3. Email message dated 11/19/2013 from Beth Sheldrake to Kelly Wright. Missing attachment: EPA's feedback on draft cooperative agreement work plan
4. Email message dated 10/13/2013 from Barbara Ritchie to Ed Greutert. Missing attachment: Revision/edits to Data Gap Work Plan

Please provide those materials to me.
